## PROFILE

I started my career as a Flutter Developer in 2019. Over time, I developed and successfully completed projects in various fields such as medical, CRM, logistics, warehouse management system (wms), e-commerce, and artificial intelligence. I have experience working both individually and as part of a team, and I also took on short-term team leadership roles. I am someone who enjoys taking responsibility and believes that there is no limit to growth.

### Where to Find Me

[LinkedIn](#) [GitHub](#)  
[Medium](#) [X](#)

### My Packages

[Yetki: A flexible Role Based Access Control \(RBAC\) library for Dart and Flutter applications.](#)

[Lawyer: A lightweight Flutter package to set business rules.](#)

## WORK EXPERIENCE

### MNM Technology

JUN 2024 - PRESENT

Flutter Developer

- Developing, maintaining, scaling applications for major **e-commerce** clients
- Some of our clients: **Rossmann, Kiehl's, Lancome, Saat&Saat, Vicco, Dagi, Armağan Oyuncak**
- State Management: **Provider**
- Navigation: **GoRouter**
- Networking: **Dio, GraphQL, Elastic**
- E-Commerce Tools: **Magento, Shopify**

### CloudCan

JUN 2023 - JUN 2024

Flutter Developer

- Developed two separate applications: one **real estate project** and one **image processing app**
- Built both applications independently
- State Management: **Riverpod, RxDart, FpDart**
- Navigation: **GoRouter**
- Network & Data: **Dio, Freezed**

## RealView CH

JUN 2022 - JUN 2023

Flutter Developer

- Developed a **construction project management application** that works responsively across mobile, tablet, iPad, and web platforms with various screen sizes
- **State Management:** **Riverpod**
- **Navigation:** **AutoRoute**
- **Network:** **Dio, OAuth**
- **Dependency Injection:** **GetIt, Injectable**
- **Local Storage:** **flutter\_secure\_storage**
- **Responsiveness:** **flutter\_screenutil**

## Logiwa WMS

JAN 2022 - JUN 2022

Flutter Developer

- As part of the R&D team, we developed a **Warehouse Management System (WMS)** project. The application was designed to be used primarily on handheld terminals, as well as on all Android and iOS devices.

## Xinerji Software

JAN 2021 - JAN 2022

Flutter Developer

- Developed an **e-commerce website** using Angular to connect pharmacies and pharmaceutical warehouses, and built three **logistics applications** using Flutter
- **Some of our clients:** **Kita Logistics, Naklog, Servex, Genel Transport, Mordepo**

## Profe Information Systems

JUL 2020 - JAN 2021

Flutter Developer

- Developed the **Pepsell Mobile CRM** application for our client **PepsiCo**
- The application was specifically built for **iPads**

## Super Doktor Bilişim Aş

JAN 2019 - JUL 2020

Flutter Developer

- Built a platform that connects doctors and patients. On the mobile side, I developed two separate applications—one for doctors and one for patients. Angular was used for the web side.
- **State Management:** **Provider**
- **Chat Module:** **Firebase**
- **Appointment Module:** **Firestore Database**
- **Video & Voice Call:** **Agora RTC Engine**
- **Pharmacies On Duty:** **Rapid API**
- **Medicine Reminders:** **Local Notifications, Shared Preferences**
